SIR

With reference to paragraph 6 of Government Proceedings No.163-76/C.B. 16-23-1 dated 16th July 1923, I have the honor to forward herewith the Progress Report for the fortnight ending 15th August 1923 regarding the arrangements in the Mysore City, in connection with the visit of His Excellency the Viceroy and Governor General of India, in November 1923.

I have the honour to be,

Sir,
Your most obedient servant,

President.

Submitted for perusal. The estimates received from the President have been submitted to the Dewan for orders on 4.8.23.

(4

Progress Report for the fortnight ending 15th August 1923 relating to the arrangements in the Mysore City in connection with the visit of His Excellency the Viceroy & Governor General of India in November 1923.

Estimates have been prepared for the necessary Road works for the occasion, and materials are being collected.

Works will be started as soon as final orders of Government regarding the proposal for the funds required for the same are received.

2. In consultation with the Senior Surgeon, needful instructions have been issued to the Health Department, for necessary sanitary arrangements in Government House and in the City.

3. Designs for arches and pandals are being settled.

The existing articles of decoration have been inspected and those which are fit for being used for the occasion have been selected. Estimate for additional articles required is being prepared, in consultation with Mr. Krumbiegal.

Progress Report for the fortnight ending 15th September 1923 relating to the arrangements in the Mysore City in connection with the visit of His Excellency the Viceroy and Governor-General of India in November 1923.

Road repairs— The collection of materials for the roads of the route of the Viceregal Procession is accelerated with a view to avail the seasonal rains for effective consolidation of the metal ...r collection

Sanitary Arrangements— All precautionary measures (vide accompanying memo) are adopted against spread of plague.

Decoration — The designs and estimates for pandals and arches are received and are being looked into in consultation with Mr.Krumbiegel. The usual requisition to Officers in charge of the important Government buildings and to the residents in the City to white and colour wash the buildings on Viceregal routes in time has been sent.

Mysore,
15th September1923.

President.

The following preventive measures against Plague have been adopted — Dessication and disinfection of infected houses-

1. People have been asked to inform the Health Department when a dead rat is found in their houses so that they may be

2. Rat killing by distributing rat-traps in the neighbourhood of infected houses. Men have been engaged to dig out rat holes and to have them closed after killing rats.

3. Inoculations— About 1,500 persons have been inoculated. The Head Masters of all schools have been requested to have their school boys inoculated. Inoculations are being done in 4 Municipal Dispensaries, in Krishnarajendra and Wesleyan Mission Hospitals and in Town Hall. In addition there is an itinerating Sub Assistant Surgeon who goes to houses by previous appointment for inoculation.

4. There are (a) segregation sheds at Ediga for those in whose houses dead rats have been found. (b) sheds in the Epidemic Diseases Hospital compound for the contacts of the patients removed to the Hospital and (c) Cement houses in Chamundi Extension for those who desire to isolate themselves for short periods from an infected locality.

Extra sheds have been put up in Ediga, Jalapuri and Chatnahalli Extensions and arrangements have been made to run up more sheds as they become necessary.

5. Extra carts have been engaged to have all sweepings removed at once

6. Leaflets about the danger of living in a house in which dead rats have been found are being circulated.

SIR,

With reference to paragraph 6 of Government Proceedings No.163-76/C.B.16-23-1 dated 16th July 1923, have the honour to forward herewith the Progress Report for the fortnight ending 30th September 1923 regarding the arrangements in the Mysore City, in connection with the visit of His Excellency the Viceroy and Governor General of India, in November 1923.

I have the honour to be,
Sir,
Your most obedient servant,

President.

DEWAN'S OFFICE.
Recd. on OCT 4 1923
Reg. No. 2280

(11

Progress Report for the fortnight ending 30th September 1923 relating to the arrangements in the Mysore City in connection with the visit of His Excellency the Viceroy and Governor General of India in November 1923.

Road repairs-

The estimates for the special and ordinary repairs required for the roads of the route of the Viceregal procession have been approved and works started and are being carried out as per appended programme.

The Chief Engineer for Roads and Buildings has been requested to obtain sanction of Government to the estimate for Rs 2,970 for metalling the lately deviated portion of the Mysore-Manontody Provincial road and to provide funds immediately for the same as this important road through which His Excellency the Viceroy has to pass en-route Kharapur etc. has to be put in perfect order in good time before the occasion.

Payment of the usual normal annual contribution of Rs 5,000 & odd for the maintenance of the Provincial roads passing through the City has also been requested in view to having to pay the work men and contractors as they get through the works which have all been started simultaneously. The matter is before Government who have said orders will follow.

Sanitary arrangements-

All precautionary measures (vide accompanying memo) are adopted against spread of plague. The comparative statement of plague for the past 10 years will show, between August and November especially if the

weather is wet or marshy we are liable to have a small recrudescence. This year fortunately, it has been less than in 1921-1922 when His Royal Highness the Prince of Wales was expected.

The sanitary arrangements at the Government House are being attended to in consultation with the Senior Surgeon and Sanitary Commissioner during his periodical visits and inspections.

Decorations &c.-

Necessary designs for pandals and arches have been got ready, in consultation with Mr.Krumbiegel. The estimates are being scrutinised and revised in view to minimise the cost as far as may be practicable. Quotations for the preparation of buntings, flags etc., have been called for.

Mysore,
1st October 1923.

OFFICE OF THE PRESIDENT,
CITY MUNICIPAL COUNCIL, MYSORE.
Dated 15th October *1927*.

V.V. 7-23-27.

FROM,

RAJASABHABHUSHANA DIWAN BAHADUR,
C. SRIKANTESVARA AIYAR, B. A., B. L.,
PRESIDENT, CITY MUNICIPAL COUNCIL,
MYSORE.

To,

K. Matthan, Esquire., B.A.,
Chief Secretary , to the Government of
His Highness the Maharaja of Mysore.

SIR,

With reference to paragraph 6 of Government Proceedings No.163-76/C.B.16-23-1 dated 16th July 1923, I have the honour to forward herewith the Progress Report for the fortnight ending 15th October 1923 regarding the arrangements in the Mysore City, in connection with the visit of His Excellency the Viceroy and Governor General of India, in November 1923.

I have the honour to be,

Sir,

Your most obedient servant,

President.

DEWAN'S OFFICE.
Recd. on OCT 20 1923
Reg. No. 2593

(18

Progress Report for the fortnight ending 15th October 1923 relating to the arrangements in the Mysore City in connection with the visit of His Excellency the Viceroy and Governor General of India in November 1923.

Road repairs— The special and ordinary repairs required for roads of the route of the Viceregal procession are in active progress. The consolidation work is hampered and held up for want of rains and if they continue to withhold for another fortnight the cost of consolidation may exceed the estimate in this respect.

Sanitary arrangements— All precautionary measures against spread of plague are being vigorously continued. The sanitary requirements for the Government House are being attended to (vide accompanying memo)

Decorations etc— The preliminary collection of materials cloth etc., for the Reception Pandals as also for the street decorations are in fair progress.

N.B- The cessation of rain just at this juncture is causing grave anxiety. It is hoped that the seasonal conditions will soon be improved by the early set in of the monsoon.

Mysore,
15th October 1923.

The iron frame work for the new latrine in place of the old demolished latrine is being put up. The work on the drain leading from the trough for watering animals has not yet been commenced. The drain from the kitchen is now running dry and the ground is excavated for laying an underground drain.

The main storm water drain is being kept clean and clear of water.

The compound is being kept clean by the Park authorities. On 3rd October 1923 four of the Government House servants who had not been recently revaccinated were revaccinated. The servants' Quarters were inspected and one unprotected child was vaccinated.

In proximity to the Government House there have been no cases of epidemic diseases.

Mysore,
15th October 1923.

K. Matthan, Esquire., B.A.,
Chief Secretary, to the Government of His
Highness the Maharaja of Mysore.

SIR,

With reference to paragraph 6 of Government Proceedings No.163-76/C.B.16-23-1 dated 16th July 1923, I have the honour to forward herewith the Progress Report for the fortnight ending 31st October 1923 regarding the arrangements in the Mysore City, in connection with the visit of His Excellency the Viceroy and Governor General of India, in November 1923.

2. With a view to complete the special and urgent repairs as quickly as possible taking advantage of the recent rains, more labor has been employed and all these works are in various stages of progress. As payment has to be made to the several contractors and workmen and as there is no provision in the State grant already sanctioned, viz Rs. 14,500, to meet this expenditure and the comptroller cannot give more money, I have to request that early orders of Government may kindly be obtained for making available Rs.6,325 already asked for for these special road works and also the usual annual contribution amount of Rs.5,000 towards

the maintenance of the provincial roads passing through the City, not yet paid by the D.P.W. In paragraph 4 of Government Proceedings No.G.5093-95/V.V.4-23 dated 20th September 1923 the Government were pleased to Order that separate Orders would be passed regarding these two items, and the same is awaited.

I have the honour to be,

Sir

Your most obedient servant,

President.

22

Progress Report for the fortnight ending 31st October 1923 relating to the arrangements in the Mysore City in connection with the visit of His Excellency the Viceroy and Governor General of India in November 1923.

Road repairs— Special watering by employing additional staff had to be arranged for the consolidation of the metal spread on the roads of the Viceregal Procession. The recent rains during the fortnight have been somewhat opportune in this respect, but the rains have again ceased. The special and ordinary repairs for roads have been taken up, more labour employed, and the works are in active progress.

Sanitary arrangements— The precautionary measures against spread of Plague are being vigorously continued. The prompt measures adopted in this respect have brought the Epidemic under control.

The sanitary requirements for the Government House are being attended to.

Decoration etc— Municipal Reception Pandal and other decoration works are progressing satisfactorily. The articles for street decorations are being prepared as per details finally decided in consultation with Mr. Krumbiegel.

All the Departments of Government as well as Private owners of properties in Viceregal route have commenced white and color washing their buildings. The Education and Police

(23

Departments have been requested to commence cleaning their buildings also and a reminder is now being sent.

Mysore,

(25

Progress Report for the fortnight ending 15th November 1923 relating to the arrangements in the Mysore City in connection with the visit of His Excellency the Viceroy and Governor General of India in November 1923.

1. Road repairs— There was no rain during the fortnight and special watering arrangements by employing extra carts have been necessary for the consolidation of the metal roads etc. Needful is being done.

2. Sanitary arrangements— Vigorous preventative and precautionary measures against spread of plague are being continued and the epidemic is not spreading. The sanitary requirements for the Government House are being attended to.

3. Decorations &c— The Pandal on the Railway platform and the Arch at the Railway Station Road Circle are commenced and the progress is satisfactory. The Municipal Reception Pandal and street decoration works are progressing.

4. All the arrangements will be completed in time.

5. I have again to request the favour of very early orders for making available Rs 11,325 for the special road works to be completed in connection with His Excellency's visit, and to meet the usual P.W.D contribution charges for the maintenance of the provincial roads in the City (vide paragraph 4 of Government Proceedings No.S.5093-95/V.V.4-23 dated 20th September 1923).
